

What is the SMART Goal Tool?

The SMART goal tool is a set of criteria that anyone can use to set achievable goals. Each letter stands for different criteria.

S stands for **'Specific'**

Be specific! State what it is you are going to do to meet your goal exactly.

M stands for **'Measurable'**

How will you know when you meet your goal?
Your goal needs to be measurable.

A stands for **'Achievable'**

It's no good setting yourself an unachievable goal!
Break larger goals down into more manageable steps.

R stands for **'Relevant'**

Make sure your goal helps you achieve what you want.

T stands for **'Timed'**

If you don't know how long you have, you don't know when to take action! Make sure your goal comes with a deadline.
